

# Tinker Academy

AP Computer Science Prep ( Java Programming)  
Lecture 3 - DataTypes, Variables & Refs  
(Reference DataType)

Reference DataType

# Lecture 3 - Types, Variables & Refs

## User defined Types in Java

- Class
- Interface
- Array

# Lecture 3 - Types, Variables & Refs

## User defined Types in Java

- Class, Interface, Array called Reference Types

# Lecture 3 - Types, Variables & Refs

## User defined Types in Java

```
public class A {  
}
```

DataType A

```
public interface B {  
}
```

DataType B

```
int[]
```

ArrayType  
(array of int)

# Lecture 3 - Types, Variables & Refs

## User defined Types in Java

- `new A();`
